The Washington State Tree Fruit Association, in partnership with G.S. Long Co., has produced tractor safety training videos to help improve tractor safety in the orchard. Available in English and Spanish, this video is based on a training curriculum approved by the Washington State Department of Labor & Industries and covers tractor operation basics, rollover protective structures, the hydraulic system, the power take-off system, hitching and towing, troubleshooting when something goes wrong, and safety under risky situations. Printable training materials, including the Tractor Skills and Safety training curriculum (English and Spanish), will be provided along with the videos on an USB drive.

	Quantity	Check	Credit Card	Shipping & Handling	Total
Tractor Safety Training Video		\$50	\$55		
Mailed				\$10	
Pick-up at Either WSTFA Office				Free	
				<i>Subtotal</i>
